

# GROWATT

## Grid-tie Inverters

**Residential**  
**2.5kW-5kW, 1pH**

**Commercial**  
**5kW-30kW, 3pH**

**Large Scale Commercial**  
**50kW-80kW, 3pH**

Daylife Growatt are transformerless inverters for the management of hybrid solar powered PV/AC mains power supply installations. The inverters convert the PV generated DC power to AC, either single or three-phase depending on model, and feed to the applied load prioritising the PV output, supplementing with AC mains power if there is insufficient PV generated output for the load. Inverters are fitted with MPPT trackers to optimise output efficiency. Both single-phase and three-phase units require an external power export limiting meter that monitors and prevents excess PV power being transmitted to the grid.

Growatts are designed to be connected in parallel each fed from dedicated solar arrays that can provide power outputs of limitless size. Additional Wi-fi connectivity is provided using SHINE WIFI device that enables remote monitoring and data transmission.

Particular features include:-

- LCD screen and LED status indicator display. 3 phase has multifunction buttons for ease of operation and maintenance
- RS232/WIFI/GPRS external remote monitoring options.
- Built in protection including DC reverse polarity, short circuit, output over current, over voltage, insulation resistance monitoring, residual current detection, surge protection, anti-island protection and over-temperature protection.

Daylife Growatt are lightweight and compact in size with high overload capacity, high PV energy consumption efficiency, excellent thermal performance and low maintenance needs and are an ideal solution to the application of PV power generation for hybrid PV/mains supply power supply systems.

### TECHNICAL SPECIFICATIONS

Model	DAYLIFF GROWATT 1PH INVERTERS		DAYLIFF GROWATT 3PH INVERTERS						
	GROWATT MIC 2500TL-X	GROWATT MIC 5000TL-XE	GROWATT MOD 5000TL3-X	GROWATT MOD 10KTL3-X	GROWATT MOD 15KTL3-X	GROWATT MID 20KTL3-X	GROWATT MID 30KTL3-X	GROWATT MAX 50KTL3-LV	GROWATT MAX 80KTL3-LV
Max. Output & Rated Output Power, W	2,500	5,000	5,000	10,000	15,000	20,000	30,000	50,000	80,000
